

## **Guidelines for Accreditation/ Recognition of Yoga Institutions under Yoga Certification Board**

Yoga is essentially a spiritual discipline based on an extremely subtle science, which focuses on bringing harmony between mind and body. It is an art and science of healthy living. The practice of Yoga is believed to have started with the very dawn of civilization. . In the Yogic lore, Shiva is seen as the first Yogi or Adiyogi, and the first Guru or Adi Guru. Though Yoga was being practiced in the pre-Vedic period, the great Sage Maharshi Patanjali systematized and codified the then existing practices of Yoga, its meaning and its related knowledge through his Yoga Sutras. After Patanjali, many Sages and Yoga Masters contributed greatly for the preservation and development of the field through their well documented practices and literature.
